

Welcome to Figure Eight Lake Provincial Recreation Area

We hope you enjoy your stay at this beautiful, rustic lakeshore campground. While you are here, you can fish, hike, watch birds, boat, and just enjoy the great outdoors.

This recreation area has a forested hiking trail around the lake; bring your binoculars to help you get a good look at all the birds and other wildlife that live here. An easy-access hand launch allows you to get your electric-powered boat on the water to find the best fishing spots, or you can fish from the seawall. A paved trail to the lakeshore provides access to all.

Please be good neighbours and help keep the park safe and clean for everyone to enjoy.

Figure Eight Lake Provincial Recreation Area is in bear country. Visitors should take the necessary precautions, such as securing food in the trunk of a vehicle and disposing of garbage in the bear-proof receptacles. For information about bear safety, ask park staff or get a copy of our Bear Smart brochure.

# Self-Registration

Campsites at the Figure Eight Lake Provincial Recreation Area are on self-registration. Once you have paid for your site, you must immediately occupy the campsite designated by your camping permit with your camping accommodation unit (tent, trailer, RV). If an accommodation unit is not present, the campsite may be re-assigned.

# Campfires

Campfires are prohibited except in designated fire pits and must be extinguished when the campsite is unoccupied. Firewood is provided for the campsite and the day users. Removal of firewood from the Provincial Recreation Area is not permitted.
