Sir Winston Churchill Provincial Park

Community Facility

Alberta

Alberta

Beautiful Sir Winston Churchill Provincial Park is Alberta's only park of islands. The islands are located in the east basin of Lac la Biche. Big Island and Long Island are accessible by a 2.5 kilometre-long causeway over the lake, just 11 kilometres northeast of the community of Lac La Biche.

The provincial park offers 17 comfort camping sites, a campground of 72 sites and one group area camping site. Trails and roads lead across Long Island, where the Community Facility is located, and over to Big Island where various lookout points and amenities can be accessed.

The Sir Winston Churchill Provincial Park Community Facility opened September 2019. The adjacent Comfort Camping Area offers 15 cabins and 2 tipis in the summer (10 cabins are open year-round) which can also be reserved for people attending your event.
